- MICROSOFT OFFICE
- AGILE METHODOLOGY

PROJECTS

RECIPE BOOK APPLICATION

REACT AND EXPRESS
This web application uses React on the front end and Express on the back end. It allows the user to create and maintain a recipe book with CRUD functionality. The user may enter a title for each recipe, a url for an image of the recipe, and as many ingredients or directions as needed.

ROCK, PAPER, SCISSORS GAME

HTML, CSS, JAVASCRIPT
A website in which the user plays a best-of-five game of rock, papers, scissors against the computer. The website keeps track of the score and ends the game when either the computer score or user score equals 3.

LEBRON JAMES TRIBUTE PAGE

HTML, CSS
A static, responsive website which tracks a basic timeline of Lebron James' career.

WORK EXPERIENCE

FINANCIAL RELATIONSHIP CONSULTANT
REGIONS BANK, CREVE COEUR, MO

- Improved customer experience as Digital Coach by teaching them to use online/mobile options
- Consistently met/exceeded goals
- Led the branch in customer satisfaction surveys

INTERN
PURE HEART VISION, SEARCY, AR

- Updated website content
- Organized online conference meetings
- Developed solutions for tech-related issues, such as memory management, email, etc.
